

LILLARD'S

PURE FOOD AND DRUG BILL

FIRST MEASURE OF IMPORTANCE
TO PASS BOTH HOUSES OF
THE LEGISLATURE.

The first important measure to pass both houses of the Legislature is the Lillard Pure Food and Drug Bill, which, after being enrolled, will be ready for the signature of Governor Willson. The bill was introduced in the House by Representative E. W. Lillard, of Boyle county, and was adopted in the Senate as a substitute for the bill offered in the upper branch by Senator Joseph F. Bosworth. The bill carries an appropriation of \$30,000, and is very sweeping in its provisions, covering every phase of food products, drugs and liquors. According to Prof. M. A. Scovell, of the State Experiment Station at Lexington, this measure puts Kentucky in the front rank in the pure food movement and in line with the national pure food law. Representative Lillard is being congratulated on all sides on his success in getting the bill through.

BRIDGE WHIST.

Upton Sinclair, in The American Magazine Writes About The Craze.

In the March American Magazine Upton Sinclair writes of the life of the super-rich. Here is an interesting paragraph about bridge whist:

"Then the good lady went on to tell him what bridge had come to be; how people played it on trains all the way from New York to San Francisco; how they had tables in their autos and played while they were touring over the world.

"Once," she said, "I took a party to see the America's cup races off Sandy Hook, and when we got back to the pier some one called out, 'who won?' And the answer was, 'Miss Billy's ahead, but we're going on this evening.' I took a party of friends through the Mediterranean and up the Nile, and we passed Venice and Cairo and the Pyramids and the Suez canal, and they never once looked up—they were playing bridge. And you think I'm joking, but I mean just literally what I say. I know a man who was traveling from New York to Philadelphia and he got into a game with some strangers and rode all the way to Palm Beach to finish it.

LEGISLATURE

Appropriates \$30,000 To Kentucky Children's Home Society at Louisville.

The bill appropriating \$30,000 to the Kentucky Children's Home Society came up as a special order in the Senate Monday. Senator McNutt, of Louisville, asked that the bill be recommitted in order to give him time to go to Louisville and look into the merits of the increased appropriation. Senator Rives, of Christian county, McNutt motion be voted down. McNutt defended the bill and asked that the vote be taken. Senator Watkins, of Union county, also defended the bill which, he said was in the aid of a noble charity. The Senator spoke in support of the bill, which he characterized as one of the greatest works in the State. This sentiment was also voiced by Senator Oliver, of Allen county.

Senator McNutt carefully withdrew his motion amid much cheering.

The bill was passed by a unanimous vote of 36 to 0. The same bill has already passed the House.

COUNTRY FAIR.

To Be Held At Versailles During The Coming Summer.

There is an active movement on foot to organize a fair association in Woodford county, to hold an old-fashioned country fair in Versailles next summer, and, if it proves a success, to make it a permanent institution. The grounds and amphitheatre of the old Versailles Fair, which were discontinued about fourteen years ago, are still intact, and can be leased from their present owner. The grounds contain one of the fastest mile tracks in the State.

The Washington's birthday celebration given Saturday night at Town Hall by the graded school, under the direction of the Principal, Mrs. T. C. Duvall, and her capable assistants, Misses Wiley and Craft, was greeted by a crowded house and every one present passed a pleasant evening. The pupils engaged in the plays, songs, etc., acquitted themselves very creditably. Miss Anna Hill officiated at the piano and added greatly to the interest of the occasion. It is to be regretted that our town can not afford a more suitable and commodious hall for such occasions.

The brief of Attorney General Breathitt and associate counsel for the State of Kentucky on the appeal of Berea College from the decision of the Kentucky Court of Appeals, sustaining the constitutionality of the act of the Legislature requiring separate schools for whites and blacks, was filed with the clerk of the Supreme Court Thursday. It is maintained that Kentucky's police power gives the right to pass such a law, and that co-education of the races would result in social equality, which would blot out both.

NORMAL SCHOOL.

House Committee On Education Reports Favorably On Bill To Use Old State Capitol.

The House Committee on Education, No. 1, has voted favorably on the Dowling bill to donate the present State buildings for the purpose of a normal school, and carrying with it an appropriation of \$5,000 with which to make the necessary changes in the building. Senator William Lindsay spoke before the committee Thursday afternoon, and urged that the members act favorably, citing the fact that the old buildings would thus be preserved, with the historic memories clinging around them. The especial fitness of Frankfort as a place for a law school, which would be conducted in connection with the normal, was referred to, as here, the Senator said, the students in law would have the advantage of the State law library the sessions of the Legislature, and the arguments of the leading attorneys of the State before the Appellate Court.

Mayor Hume also spoke for the bill and urged that favorable action be taken on it.

JUDGE STOUT

Delivers a Vigorous Charge to The Woodford County Grand Jury.

At the opening of circuit court in Versailles Monday morning Judge Robert L. Stout delivered a vigorous charge to the grand jury on the subject of the lawlessness growing out of the tobacco question. He read to the jury one of the threatening letters mailed from Georgetown last week to a number of tobacco growers in Woodford county and charged the jurors to make every possible effort to ascertain the identity of the writer and of the letters, and to indict them if evidence could be secured, no matter how high their position or influence. So far as this court is concerned, he said, no man need expect to escape punishment because of any sympathy. Judge Stout spoke for half an hour on the subject of lawlessness in the State and its injurious effect.
